## The Mason LINE

by Chan Mason

The Editor and Publisher of the Review has asked us to give out with a travelogue on our recent jaunt to Wyoming. We suspect an ulterior motive, probably an attempt to counteract his Dimmer View's recent slashing attack on that poor guy who has having a can of lager in his back yard. We read where even My Friend Dixon has been browbeaten to a point where he is quoting poetry from translations of the Rubaiyat of Omar Khayyam: Gad, what happen here?

—ML—

Oh yes, the travelogue—we left L. G. at about 11:00 a.m. on Friday and with one of those cooling contraptions hooked on to our right front window, went boldly forth to the Great American Desert, arriving in Las Vegas about 6:30, after a not too uncomfortable trip.

Amazing Las Vegas? The only thing amazing about Las Vegas to us were the thousands of yokels who were standing in line to see a couple of girls, Sally Rand at one plush dive and Mae West at another million dollar bistro. Grandpappy told me he went to see them both at the World's Fair in St. Louis about the year 1895.

—ML—

Anyway, after two or three tries we rented a motel room for \$10.00. They started at \$15.00. Friday night, you know! We left Amazing Las Vegas at 3:00 a.m. and drove through really nice farming country on Highway 89 through Utah to Evanston, Wyoming that evening.

—ML—

Sunday on the way to the Medicine Bow National Forest and near the little town of Centennial about 30 miles from Larimer, we arrived at our destination. Joe Cook's Snowy Range Lodge, situated some 8200 feet high in the mountains. And here, kiddies, we stayed for some two weeks. While Mama worked with her water colors, papa belabored the numerous streams with his fly rod and the youngsters shagged the chipmunks. It was a wonderful vacation. We did some spin fishing on the lakes and the bigger streams such as the Platt and Larimer and had a grand time trying out our new fly rod on the smaller mountain streams. Yep, fishing was good, the weather fine and the country beautiful. We're going back to Joe Cook's Snowy Range Lodge.

The trip home through Colorado was uneventful and the most often true, anti-climatic.

—ML—  
We must tell you of the cartoon we saw of the beautiful doll seated in the stern of a boat with her hands folded and in the prow was seated a guy fishing like mad. Underneath is the caption, "Yeah, it takes a lot of time but can you think of anything better to do?"

## Republicans Enjoy Roast Beef—McCarthy At Fund Raising Dinner

The Republican Party is coming back, if the fund raising dinner, at \$100 a plate, is any criterion.

Well over 600 diners gathered around the palm outlined swimming pool at the Kona Kai Club and heard Senator Joe McCarthy spell out the problems left by the former administration Saturday at the third annual Republican dinner.

Diners chose from a menu which read:  
Shellfish cocktail ala Potomac  
Roast Sirloin of Eastern Beef  
Republican Style  
Lobster Thermidor  
(fresh from California's Tideland)  
Fresh Green Beans  
Au Gratin Potatoes  
(sans subsidy)  
Salad  
Meringue glace  
Coffee

Diners assessed the food as excellent and the service good. The speeches were good and the fare short. TV lights blinded the ringiders and except for the fact that the check-in line took upwards of a half an hour to negotiate, while a calypso dinner rousing Republican tunes along, the affair was enjoyed generally. Few tips were left the waiters, it was observed.

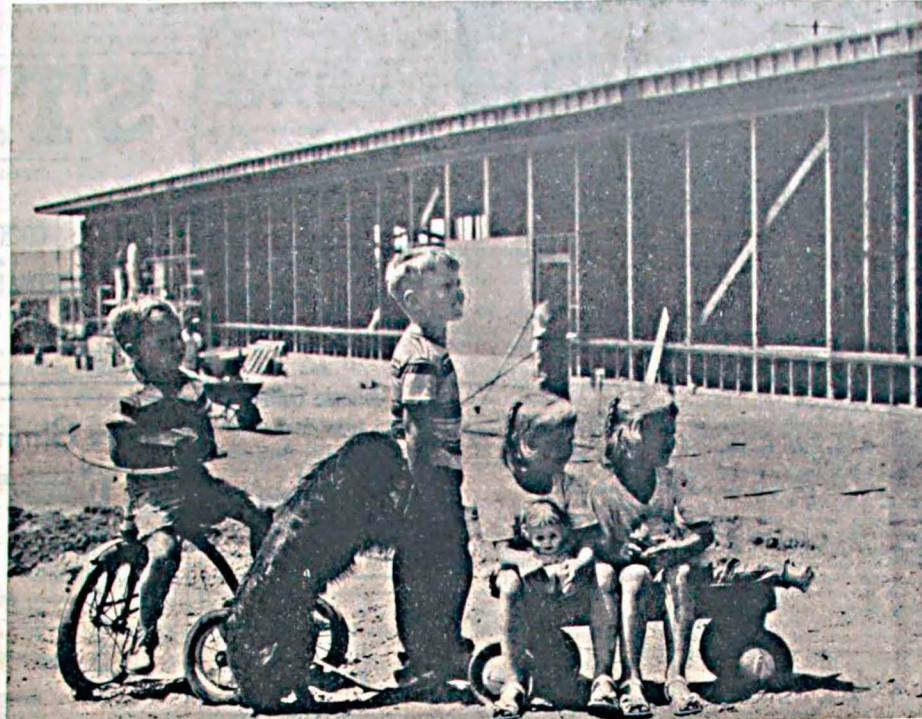

## LIONESSES TO PURR WEDNESDAY

The Lemon Grove Lioness Club will meet Wednesday, Sept. 8, 7:00 p.m. at Michael's, with president June Erwin presiding.

The program chairman will present Evelyn Adams from Evelyn's Flower Shop who will demonstrate the art of making corsages.

The various committee chairmen will be appointed for the coming year.

## Kids to Say 'Goodbye' to Bikes—'Hello' to Books in Lemon Grove

Life can be grim for pre-schoolers! A picture story of the school situation in Lemon Grove, and across the nation, is graphically told as the serious faces of youngsters at the end of the vacation period is being rushed to house this year's crop of students.

Danny Goodwin, son of the Review's editor, Donny Bryan, one of the sons of Don Bryan Sr., of the Sheriff's Department; Jen and Lyn Norman, twin daughters of Eugene Norman of Lincoln St., are pictured in an interesting study which could be titled "Back to the School Salt Mines," as both parents and school personnel get ready

## Annexation Report To Be Presented to Council Next Week

The Lemon Grove Annexation report will be presented to the San Diego City Council next week, O. K. Cope, assistant city manager told the San Diego Union Monday. So far Cope has made no report to the Lemon Grove Men's Club from which the request sprang. A map, setting the boundaries for area under consideration

for annexation, was released however, and Grove Street was established as the east limits.

Harry C. Haelsig, assistant city planning director recommended against annexing the area due to sub-standard conditions already in existence.

Committees on incorporation stated that 17,500 people will be within the new city, the boundaries of which are to be the school boundaries. Annexation boundaries would embrace 14,000 persons.

## MAN EXPRESSES GOD'S DOMINION SAYS ERMON

The need to conform motive and act to the teachings of the Master in order to find and experience the joy of God's children is pointed out in the Sunday Lesson-Sermon on "Man" in all Christian Science churches.

The Golden Text from Genesis (1:27) declares, "God created man in his own image, in the image of God created he him."

## Parade Proves Popular as 'Fry' Dress Pets

Part of the estimated 300 participants in the first annual Lemon Grove Pet Parade, led by "Big Red," the big fire engine, kids and their pets traipsed down Pacific Street to the school grounds where more than 300 prizes valued at more than \$400 were distributed.

—LENOX FOTO

Twelve year old Sharon Szalay, 7664 Madison St., received a gold loving cup and was named winner with her Boston Bull pet, "Dottie" in the first annual Dressed Pet Parade Saturday. Nearly 300 youngsters, with pets ranging from goldfish to riding horses, entered the event, and every one of them won a prize of some sort.

In addition, there was cotton candy, soft drinks, lollipops, and ice cream for all, with the Chamber of Commerce footing whatever bill there was for the eatables.

Merchants of Lemon Grove supplied about \$400 in prizes and there were 300 prizes in all. Arva Piepenbrink of the Woman's Club represented the chamber and together with Ollie Turnbull, of the Review staff, they did all the leg work and prize gathering.

Professional Judges Judges were Drs. Robert Swanson, Cal Nicholl and Don Johnson whose job was made tougher by so many fine looking youngsters with such grand pets. Fortunately, prizes were available for all, and the youngsters went home tired and happy.

Pets included a mother dog with her brood, a goat, a calf, a dog made up like an elephant, miscellaneous cats and dogs,

birds, turtles and chickens. One youngster had a wagon made up like a float titled "Living Desert."

## Major Help

At the parade's end, special treats were arranged for by Mayor's Kenny Stapp, Eddy Evans and Larry Childers. They arranged for 500 cups of ice cream, all of which was eaten; cotton candy; 5,000 lollipops, sun visors; 500 piggy banks; 1,000 cups of 7-Up, and supplied the public address system, two cases of dog food for prizes.

The merchants of the Grove responded in grand style and many offered to fill in with prizes if enough were not available to go around.

In addition to giving other prizes, Mason Feed presented the winner with the loving cup trophy. Lane's contributed two pairs of shoes, each valued at \$6.50; Clarence Milbrodt of Piggly Wiggly kicked in with two cases of pet food and a baseball bat; Bill Niemander of Bill's Self Serve gave the most expensive gift, a

## TAX-PAYERS SLAPPED WITH CITY-COUNTY TAX BOOST

A County tax rate of \$2.08, an increase of 11 cents over the current rate, was approved this week by the Board of Supervisors.

The San Diego city Council simultaneously approved an increase of 2 cents to bring the city rate up to \$1.76.

City school taxes were hiked 20 cents. In all, city taxpayers will pay 33 cents per \$100 valuation on their property than they do now.

gasoline powered model airplane. Patrolman Bill Howell and Captain Harry Clodfelder of the State Highway Patrol handled the traffic detail with efficiency and dispatch. The firemen worked like Trojans keeping the youngsters safe and corralled.

In all it was the most successful promotion the community has ever participated in to be handled by only two persons, Mrs. Piepenbrink and Mr. Turnbull.

## Committee Named To Incorporation's Research and Advisory Group

Representatives of Lemon Grove's clubs and organizations last week set up a general committee to spearhead the drive for bringing incorporation to ballot this year. Name given was Organizations United for Incorporation.

From the representatives chosen at the rate of five from each group which endorse the principles of incorporation, a research and advisory committee was formed, according to Robert Gaudin, who was last week named chairman of the entire group.

Named to the new committee of Organizations United for Incorporation were the following: Clarence Allen, Dr. Frank Gliglietti, Rex Don Cooke, Bob Gaudin, Forest Baxter, V. J. Dorman, Frank Armstrong, Byron Netzel, Rev. Dan Apra, Rev. J. Morris Mulkey.

Luther Hussey, Bob Browne, Jerry Walter, Bert Betts, Bill Niemander, Max Goodwin, John Dail, Dick Milbrodt, Chan Mason, Rev. Father McDonough.

As the new group was formed, John Dail, chairman of the petition committee, said that the signatures were coming in at a faster-than-expected rate. He said that petitions should be completed by the end of next week.

## Local Society Column Brings Strong Reactions

Recently, the Review published a piece under the heading of "The Dimmer View" and in it editor Max Goodwin took apart, piece by piece, society columns.

Fortnight Magazine picked it up and ran it in their first August issue. Time Magazine wired for a copy of the article, and Publisher's Auxiliary, the newspaper about newspapers to which every publisher subscribes, carried it. As a result a deluge of letters has resulted. Here are a few:

Dear Max:  
I think your slant is right and the material well done. I'm sending a copy to Reader's Digest. Keep up the good work.

Hi Max—

Just read the Auxiliary reprint of your bit on Society editors and those damned columns. I'm just a sports editor myself, but can only say "Amen Brother" to your remarks. I heartily concur.

Managing Editor here says to tell you he handed it to our Society gal and now she won't speak to him any more.

## The Dixon LINE

By Friend Dixon

One of the most enjoyable columns we read is that written by Donald Freeman in the San Diego Union on Radio and TV programs. His kindly humor and topical comments please us much more than the oleaginous tripe peddled by his female Hollywood prototypes. His handling of both irate and congratulatory correspondents is good reporting.

—DL—  
We are appreciative of the opportunity to write the Dixon Line but still more appreciative when we see the darned column in print as written. No censorship as yet.

—DL—  
We should like to tie this little anecdote on one of our local men of the cloth but being of a somewhat impersonal nature we merely tell you the story. A traveling minister on horseback in the backwoods country (wherever that is) dropped in at the general crossroad store. One of the leading citizens asked him if he would preach a sermon on the following Sunday and how much was his fee. The Minister said "I can preach a wonderful sermon but it will cost you \$25.00." The community could not raise that much so a \$15.00 honorarium was suggested. This was still out of Continued on Page 8

## The Dimmer VIEW

by Max Goodwin

The juke-box public, so I am told, is broken into two segments: part of which loves 'em and the rest loathe 'em.

I have a reputation for loving few of such life's little niceties and in this case the adjective "little" is not strong enough, nor will I pretend that this piece is to champion the cause of dissonance as applied to the waxed groove.

There must be some nice things to say about juke-boxes but I can't think of a single one. On the other hand, people, young and old, insensitive or tone deaf, drop millions of dimes a year into these infernal machines and seem to enjoy the sounds, amplified many times, which run the gamut from jazzed-up hymnals to hymned-up boogie.

To make it worse, juke box operation today is likely a part of the major rackets with the vice lords in supreme control of the industry as they are with slot machines. Racketeers, beings as they are, could only rationalize that any device which operates by the dropped coin, becomes part of the slot machine world they control. Thus, even cigarette machines in many parts of this country, are gangster operated.

That, however, isn't my bleat today. I'm talking about wailing which emanates from these electronic miracles called the box of the juke. They have made any guy with a dime the three minute guardian of a captive audience, the size of which is restricted only by the popularity of the place of business in which the machines are situated. Television, you can turn off. Movies, you can walk out of, but try to defend yourself against the awful din when some guy with a dime and a yen for noise, spreads his musical joy over a roomful of people in the same fashion the carrier of disease sneezes a mouthful of diphtheria germs over an equally captive and defenseless audience.

Recently, at a 7 a.m. restaurant breakfast, in the company of some 20 other persons, some of whom I have reason to believe viewed life that day as darkly as I, one of these juke box idiots dropped his coin into the slot which is connected with the loudspeaker, and the recording of something like "I Must Have a Hole in My Head to Love That Heat-in' Woman So I Blasted a Hole in Her Head, Polka." The impact of the noise shook me. I was so shook that my twitching hand could hardly make it to my mouth with my noon-time rum . . . five hours later!

I cite this example because it is especially horrible. Yet the same thing goes on with a higher degree of frequency noon, afternoon and night, and I think there ought to be a law against dropping money into juke-boxes. Maybe another Carrie Nation will arise and seal off the coin-tubes of these noisome things with a blow torch.

I don't blame the inventors any more than I do the scientists who developed atomic fission. But I've got a good case of hard arteries against the idiots who play them.

I'll meet these juke-box players in Purgatory, and I'm developing a machine that, at any time, will Continued on Page 8

## LOCAL MAN IN SUIT OVER SILICA MINE

A Lemon Grove man sued his partner in a court in El Centro, according to an Imperial Valley source of information.

The man, James F. Folsom, 8530 Rockledge Rd., Lemon Grove, filed suit for \$47,500 against his partner, Ed Fales, of 5048 70th St., San Diego, charging that Fales misrepresented the value of a clay silica mine near Coyote Wells.

The suit was transferred from San Diego to Imperial County. The complaint alleges that Ed and June Fales sold to Folsom an undivided half interest in the mine, located on 20 acres on Coyote Mountain in the Carrizo Gorge.

Folsom charged further that the mine had been represented as producing 150 tons monthly but that its output did not exceed 65 tons. Folsom also charged Fales tried to prevent sale of the mine's yield in order to disrupt the business, and compelled Folsom to sell his interest back to Fales at a reduced price.

## MOUILLESSEAU FAMILY IN HOLIDAY AUTO ACCIDENT

"Mollie" Mouillesseaux, 7921 Mt. Vernon, operator of the Broadway Texaco Station, was involved in an automotive mishap during a vacation trip, according to a letter to friends in Lemon Grove.

The accident occurred last week in Effingham, Illinois, as the family was enroute to Binghamton, N. Y. Sharon, aged 8, went to the hospital with a possibly fractured Continued on Page 8

## VISTA LA MESA SCHEDULES INCORPORATION MEETING

Residents of Vista La Mesa, nearly 200 of them, are expected to take part in a public meeting Thursday (Sept. 2) night to discuss incorporation in connection with Lemon Grove, according to Ed Kinyon, president of the Vista La Mesa Civic League.

The meeting will be held at 7:30 at the Vista La Mesa School under the auspices of the Civic League and is open to the public. Clarence Allen, principal of the Vista La Mesa School will answer questions pertaining to incorporation.

"We are interested primarily in maintaining the school high-school-elementary school set-up we now have," Kinyon stated. "It may, or may not be that incorporation will help us with that determination," he said.

A pilot meeting from which the public meeting stemmed was held last Monday at Kinyon's home.

Virginia had never entered a picture contest before because she thought it was too hard to win.

# MAYFAIR the HOME of HAPPY FACES

It takes a lot of satisfaction to keep a shopper smiling—but that's the rule, rather than the exception at Mayfair.

Because we offer better selection, better quality, lower prices, our shoppers are happy shoppers . . . and when they're happy, we're happy, too!

One of the reasons for the attractive appearance of Mayfair vegetables is the expert cleaning and trimming process in which Mayfair excels. Harry Monell, a long time resident and well known market personality of the area, demonstrates how the outside and inedible portions of vegetables are trimmed off before being offered to the public.

In the foreground is a king-sized disposal which sanitarily shreds the refuse and dumps it into the sewer system.

Mrs. John Christie is the wife of a naval officer, and they live, together with their three children, at 8012 Jefferson St. in Lemon Grove.

"I like to bring all the kids with me when I shop," Mrs. Christie said. "Gregg, Cheryl and Renea all enjoy the trip. As for myself, I like everything about this Mayfair market. The price of meat is more reasonable than any other market, and everything around the remainder of the market is kept so orderly that it makes shopping a pleasure."

Marie Baynton, whose husband Don is a dentist, lives at 8157 Baldwin Rd. in Lemon Grove. Most of their shopping is done at Mayfair. Shown with one of her children, Lark, while another, Barr, is wandering about the market, Marie is stocking up on items which keep the youngsters happy and healthy.

"There's plenty of room at Mayfair," said she. "Everything is within easy reach, too. Mayfair is the one market where shopping is fun rather than a chore. I like it."

Emil Hajek, operator of the Welco Real Estate office, lives at 7150 Mt. Vernon, and does the family shopping at Mayfair regularly. "They make it awfully easy for a man to shop," said Emil. "Displays make choices handy and the parking kills all the argument against shopping. I don't mind shopping when it's at Mayfair," he said.

It's not hard to understand how the department which caters to the needs of the young man in the family could help be popular. Joe Arnett, 8545 Rockledge Rd., in La Mesa, is the son of Buzz and Virginia Arnett, he being the manager of the La Mesa Bank of America.

"I like everything about Mayfair," Joe said, "but most of all I like the part that has the toys."

!THE SHOW'S  
THE THING!

Do you feel like lady luck smiles on you? Can you hardly wait to hear money jingle in your pocket? Well then don't squat around the homestead on Wednesday nights—get the family together and take in an enjoyable evening at your neighborhood theater, "The GROVE Theater." The details go like this! Every Wednesday night is CASH NIGHT at the GROVE. Anybody 12 years or older should purchase tickets in the lobby of the show, fill them out and hand them in to be used for the drawing. A ticket is drawn and a name is called. If that person is there they win a prize of \$20 or more. If that person is not present then \$20 is added to the golden jack-

pot every week, until someone wins. Following that drawing there is a drawing where a seat number is selected. If you're sitting in that seat you win \$5—and they keep drawing until someone is sitting in the lucky seat. The third drawing features two free passes to the GROVE. So don't forget to make it a regular outing for the family on Wednesday night at the GROVE. Sooner or later you're destined to be a winner.

Tonight and Saturday the GROVE is featuring two sensational movies, both in technicolor. The first one is "Princess of the Nile" directed by Leonard Goldstein and starring Debra Paget, Jeffery Hunter, and Michael Rennie. The plot is just a mite weak but the pageantry of the movie overshadows the minor flaws.

## Beach Towel Glamour Hints

What's the news in beachwear? Beach towels have gone high-style—so much so that smart women are choosing them as backgrounds for bathing suit glamour. This striking harlequin pattern, "Monte Carlo" is sure to attract attention. Colorful stripes, solids and novelty sea-horcs and mermaid designs are perfect for beach allure.

Another fashion tip, suggests The Cannon Home-making Institute. Is to make clever beach accessories from your beach towels—tunics, stoles, shawls, sarongs, wrap-around skirts. Their glamour possibilities are endless!

Named for Grove**

Six deputy registrars have been named to handle the registrars in the Lemon Grove area, but voters will have to hurry because September 9 is the last day to register.

**Schools, Highways  
Are Biggest Problems  
Says Bulen**

The two big problems in the state today are, schools and highways in that order," Ed Bulen, Assemblyman, told the Lemon Grove Rotary Club Monday.

"For every two children in school now you can reasonably expect three, ten years hence," he said.

"Thirty-seven percent or more goes into education which makes it the unqualified leading problem," he said.

"Auto registrations are being made at a much larger ratio than the roads we have been able to build," Bulen said.

"So far there is nothing in the future that we can see to solve our road problems," he added. Bulen said he would not take part in the current Lemon Grove Incorporation controversy, but he would lend every effort toward getting financial aid the county needs if the citizens voted to incorporate.

**LIONS ROAR**

By HAP VAN NICE

Dr. Cal Nicholls' committee of Lions promoting the club's annual Halloween Party, to be held the night of October 30 at the American Legion Hall, 27th and "B" Sts. in San Diego, has assured fellow Lions that Kiwanians will not be used as judges in awarding prizes to the Spooks present for the unusual costumes.

This announcement followed a complaint by Lion George Kowach that last year's judges were biased, unfair and did not award him a prize. Nicholls said that during the next few weeks a gang of honest (non-bell, badge and gavel stealing Lions) will visit the dens of fellow Lions, surrounding the hub Lemon Grove area, to promote the gala affair.

## Third Annual Ball Game to Test Players' Inability

Committees were set up this week to handle the details on the third annual Kiwanis-Lions baseball game which will be played on Sunday Sept. 19 at the Junior High school grounds. Proceeds from the game will go to the Lemon Grove swimming pool fund. Gametime will be 2 p.m.

While the teams will be made up of members of each of the organizations, a special entertainment program will be offered.

Arva Piepenbrink said that a flag presentation would be made to the newly organized club pack 199 and that Ralph Cloyd would make the presentation. The flag was given to the Lemon Grove Review by Congressman James Utt after he had flown over the Capitol for the newspaper. The presentation will be made to the new scout pack as a lesson in Americanism.

Tickets to the game will be 50c.

and a drawing will be held in connection with the sales. The game itself will probably lack sparkling professional type play, but there will be plenty of hustle and bustle. The Lions, unaccustomed to daylight activity (their meetings are held at night) may not get to going until they get used to the sunshine. The Kiwanis, it is said, will again muster an outfield of preachers, an infield of teachers, and a bench full of the Scrutiny utility players. The Kiwanis walloped the Lions a lot of runs to a few, last year. With honest umpiring, the game would have been even more lopsided.

Tickets will go on sale next week.

This high-sensitivity gamma ray detector is being used to help fight cancer. Originally developed for "logging" oil wells, the device has been used by more than 15 cancer centers throughout the country. Developed by petroleum scientists of The Texas Company, the medical version is here being used on a cancer patient under radioactive iodine treatment. The electronic counting device in the background measures gamma ray intensity through the probe-type detector in the doctor's hand. The cup-type detector at left of the "counter" measures radioactivity of body fluid of patients undergoing examination and treatment by the use of radioactive isotopes.

## Throwin' The Bull

By Bob Turnbull

Smile... Man (at restaurant): "Waiter, do you serve fish?" Waiter: "Yes, we cater to everyone."

Jazz a la carte... Now my life is complete! A few days ago I was introduced to "hi dee ho." I feel that I've lived now! In fact you really haven't lived till you hear Mr. Ageless himself, Cab Calloway, sing his catch-phrase of the 30's and 40's. I personally felt that Mr. C. C. stole the show at the Russ Saturday 'fore last when he wound up an enjoyable eve of musical entertainment titled "Jazz a la Carte." Some of our gang there was Gloria Hodge 'n Al Oldfield, Carol Kay 'n Bob Turnbull, Bobbi Sable 'n Derald Catlain, Leilani Rose 'n Bud-dy Davis, Jane Fisher 'n date, Donald Beebe 'n date, Steve Hill, Danny Aenas, Danny Gonzales, Don Sleet, Russ Kennedy, Bill Wilson, Stu Sloan, and others.

Dance-Time... Want to know where you can contact another excellent dance-band? I know where you can! High school kids you ask? Sure they are! And darn good at that! They take popular songs, jazz, fox-trots, or what-have-you and with their strength and vigor, imaginative minds and fine melody blending turn out some of the coolest music you ever had your ears tuned up to. This particular band is titled "Bill Russell's Band." Their

arships to Pomona College at Claremont, California. The fellows are: Edward W. and Robert I. Tilling, La Mesa; John E. Glas-son, La Mesa; John R. Jensen, Lemon Grove; and Stanley C. Davies, San Diego. Good luck, fellows!

**Slumber (less) Party**... Carol Kay, a La Mesa gal, threw a slumber party for some of her gal friends recently. The party was highlighted by the mysterious appearance of some boys who weren't supposed to know the whereabouts of her home. The gang that had fun: Carol Kay, Beverly Svalstad, Bob Turnbull, Don Lewallen, Jill Sonka, Donna Berger, Dick Burdell, Fred Ste-men, Bonnie Slaton, Carol Mat-son, Richard Speaks, Jim Par-sons, Nancy Madson, Linda Beals, Bill Wilson, Don Sleet, Bob Nel-son, and others.

**I've Had It!**... I have been bawled out, hauled up, held up, held down, hung up, bulldozed, blackjacked, walked on, cheated, squeezed and mooched; stuck for war tax, excess profits tax, local dog tax and syntax; Liberty Bonds, baby bonds and the bonds of matrimony; Red Cross, green cross and the double cross; asked to help the society of John the Baptist, G.A.R., Women's Relief Corps, Men's Relief and stomach relief. I have worked like heck and have been worked like heck, have been gilled and got others gilled; lost all I had and now because I won't spend and lend all the little I earn and go beg, borrow or steal, I have been cussed, discussed, boycotted, talked to and talked about, lied to and lied about, held up, hung up, robbed and darned near ruined, and the only reason I'm sticking around is to see what on earth is next!!!

Simply go into Welch's Record store in the Grove Theatre building and ask for a record club card. You fill out two of them, and keep one yourself. And every time you purchase a record you have a number punched. After ten punches you receive a free storage album. It's as easy as that! Go into the store and talk to Johnny Welch for further details!

**All Purpose Music** . . . Music merely to listen to is becoming old hat - nowadays you gotta have a reason. Such as music "for lovers only," "to make you misty," "for two in love," "out of the mood," "for my beloved," etc. And who knows, they may start having "music for people beyond middle-age," "music for expectant mothers," or "music for people who forgot to pay their income taxes."

**Civil Defense**  
By CHARLES GURLEY

Speaking of self discipline and civil defense there is another phase of self discipline that is very closely allied and this is a Red Cross course in first aid; one that every person could benefit considerably by taking according to Dr. Frank B. Gigliotti, Zone Warden for the Lemon Grove area.

"If we could persuade everyone to prepare himself by taking this Red Cross course in first aid," said Dr. Gigliotti yesterday, "we are certain we would be better prepared for any emergency than we are at present, and if you could witness as I have, on numerous occasions, how much such knowledge helps each individual, there would be no further hesitation in acquiring such information."

"I have seen injured persons who had previously received this first aid training, do the proper thing for themselves when they were able and also to personally advise others of how to proceed when they were disabled to the extent they were physically unable to do more than supervise their attendants and I'm certain their direction was directly responsible for their welfare, thus demonstrating the two way benefits to be derived from such training, for others as well as oneself."

"We therefore urge everyone who has not taken the Red Cross First Aid course to accept the next invitation to take such courses when they are next announced."

Besides the wage proposal, the union package includes over twenty additional welfare items such as a health and welfare plan to be fully paid for by the company, higher pensions, improved vacation and additional holidays.

## Society Response

Continued from Page 1  
ago for printing your comments on society "reporting." When I first became a weekly editor I edited hell out of society copy until I was told that "all the papers do it that day." I started reading some society stuff in other newspapers, big and little, and damned if they don't!

I quit one newspaper job and got fired from another for doing what I thought was honest reporting, and I am particularly impressed when I see others in the business comment as you have.

Best wishes,  
Bob Sollen,  
South Gate Press

Dear Mr. Goodwin:

I read with chuckles of deep delight your column in August 21 issue of Publisher's Auxiliary. A more graphic, true and succinct account of society reporting I have never encountered. Please accept my congratulations.

I feel strongly on the matter because I'm one of those society reporters. It was forced upon me several years ago by necessity, cold and grim, as the result of an

accident which injured one leg. A friend of mine persuaded me to be the society editor of a paper but on condition the reporting be done just as news reporting is done. I colored nothing.

So, from practical, demonstrable experience I know truthful society reporting can be done and be done readably and interestingly. No glamor, no applause, no padding, no coloring. The pictures were my glamor and applause and even they had very little of either.

This little town has a constantly shifting population as it is an oil town and nothing else. Reporting here is rather a chore and anyway, I am anxious to return to California. I am tired of Texas. So, sitting here yesterday thinking about things, wishing I were back on the coast and to kill boredom I picked up the Auxiliary and discovered your article. Boredom fled but not the wish.

Again, my compliments.  
Sincerely,

## School to Start

Continued from page 1  
all of the classrooms have been completed, about March 1. The first grade at the Golden Avenue School will probably remain on double session all year, but it is hoped that in kindergarten only will there be two sessions after the March 1 date.

School offices are now open daily from 8:00 a.m. until 5:00 p.m. Parents of kindergarten children and families new to the district are urged to register their children prior to the opening of school on September 13.

A workshop for all teachers will be held during the week of September 6 through the 10th. At Helix, Freshman Orientation Day has been set for Friday, September 10. All students, including freshmen, are invited to attend so as to familiarize themselves with Helix policies and traditions.

The student body will devote the first full week at school to welcoming freshmen. A frosh dance at the end of the first week will be free to all freshmen. The Pastels, popular dance ensemble, will furnish the music. A talent assembly will also be held during the week and the Girls' League is planning a tea for its new membership.

A note to would-be incorporators of Lemon Grove. Thomas Jefferson said: "The whole art of good government is the art of being honest."

You have probably noticed that the front page of the Review for the last two weeks has achieved a noticeable uplift in its content matter. This was occasioned by the absence of the Mason Line. "It's time for all of America's schools to shake themselves out of their annual three month's snooze, out of this wasteful holdover from the past which each summer forces 15 billion dollars in school property to gather dust, a million teachers to waste their talents and 30 million children to come to a mental stand-still."

We did not attend the \$100.00 per plate Republican Party Dinner at the Kona Kai Club on Saturday evening for three good and sufficient reasons:

No. 1—We could not eat or drink \$100.00 of food at one sitting.

No. 3—We were not invited!

## ELLISES HAVE A LONG, GOOD VACATION

Mr. and Mrs. D. F. Ellis recently returned from a three weeks vacation trip, during which time they visited with her mother, Mrs. O. C. Pfennighausen, in St. Louis, and with her seven brothers and sisters, some of whom live in St. Louis. Others were visited in Salina, Kansas, and in Kansas City, Missouri. A brand new great-nephew was met for the first time in Wichita, Kansas.

En route the Ellises also made side trips to see the mile-wide Barringer Meteor Crater in Arizona, a short distance off Highway 66, and later the Hoover Dam, also a most impressive sight. Also after a day of very warm driving across the state of Kansas they enjoyed a swim in the world's largest free, concrete, municipal swimming pool in Garden City, Kansas. This pool measures 220 by 350 feet and was recently publicized in the Town Journal as a fine municipal project.
